

BOARD HARBOR AMBASSADOR PROGRAM

At Board Harbor, our mission is to enhance diverse representation and performance on corporate boards by cultivating networks of trusted, authentic relationships. These relationships are critical to gaining access to and successfully serving on corporate boards.

We elevate corporate governance by curating private, invitation-only events that bring together seasoned corporate directors and qualified aspiring directors, fostering meaningful connections grounded in shared experiences.

The Board Harbor Ambassador program is an invite-only opportunity extended to c-suite executives and corporate directors committed to advancing our mission of creating more diverse, dynamic corporate boards. Selected annually through a rigorous vetting process, Ambassadors represent the best of Board Harbor’s Inner-circle leaders.

What is it?

An exclusive, invite-only opportunity for influential individuals to join our journey of transforming corporate governance through diversity and relationship-building.

How does it work?

Ambassadors gain VIP access to exclusive events like Dinners with Directors and the Annual Governance Retreat, engage in peer learning with top executives across industries, and receive pre-market access to board opportunities and data. They also benefit from our AI-powered relationship-building tool, designed to help foster lasting connections.

What will change?

Ambassadors elevate their personal brand by aligning with other leaders in corporate governance. They expand their network, gain access to pre-market board opportunities, and peer learning sessions, and identify strategic opportunities for them, their companies, and the boards they serve.

How do I get started?

Interested in becoming a Board Harbor Ambassador? Ambassadors are welcome to express their interest in the program by signing up here. All applicants will be vetted and approved before receiving an invitation. If invited, you'll complete an onboarding process and commit to an annual fee of \$2,500 to unlock access to exclusive opportunities and events throughout the year.
